

China

**Any Airport...
Any Time**

**UAS – Your Ground Handling Agent and Supervisor
in all airports across China**

UAS China, your one-stop shop for all aviation needs

UAS is a domestic handling agent in China providing handling services at all airports in the region. You can expect priority ground handling and the ease of a single point-of-contact for all trip support services at China's pivotal aviation gateways.

Whether you are a GA or commercial operator, simplify your next flight operation to China by relying on a dedicated locally based ground handling agent while benefiting from our international trip support expertise. Truly a one-stop shop for everything aviation.

The only partner you need in CHINA

UAS China team capabilities:

- Bespoke, end-to-end solutions for VIP passengers and crew including transport and accommodation.
- On site supervision, providing passenger and crew high quality services.
- Extensive regional and regulatory knowledge and access through our local experts.
- Fixed prices for individual services or all-inclusive packages for end-to-end ground handling solutions.
- The global UAS Standard of Quality guarantee.
- Proven expertise in managing all types of operations in the most critical and challenging business climates.

How you benefit

- The convenience of liaising with a single source for all your ground handling and trip support needs.
- Competitive simplified pricing with tailored packages so you can optimize operation costs.
- English speaking personnel on hand at all times throughout your stay in China.
- Easier access, priority ground handling, and dedicated on-ramp supervision.
- Access to private parking and ability to expedite permits.
- Reduced points of contact and a simplified trip planning process.
