YOUR LOCAL PARTNER WITH GLOBAL REACH®

UAS International Trip Support has been delivering award-winning, customized global flight support solutions since 2000. Born of the dream of four aviation entrepreneurs to make even the most remote stations accessible, UAS has become a comprehensive one-stop shop for all aviation needs and is trusted by Heads of State, VVIPs, Fortune Global 500 companies, and business jet operators worldwide. UAS also channels its expertise and experience into the creation of game-changing technology solutions designed specifically for business aviation.

Member of

UAS is proud to be involved in the continuous advocacy of business aviation as a MEBAA Board member, NBAA Leadership Council member, EBAA Ambassador, and Platinum member of AsBAA.

UAS is a global market leader providing trip support, charter, executive travel, and technology solutions.

TRIP SUPPORT SOLUTIONS

We are committed to operational excellence in every aspect of our business. Whether you wish to travel to an in-demand hub or a remote station, for business or pleasure, trust us to get you there at the fastest speed, with the greatest efficiency and safety. Our international network of trusted and quality assured vendors undergo an exhaustive selection process, strict service level agreements, and performance audits.

As a one-stop show for all aviation requirements, UAS offers solutions for Flight Planning and Flight Watch, Overflight and Landing Permits, Ground Handling, Catering, Fuel, and Crew Services.

AIR CHARTER SOLUTIONS

When you have exacting specifications and a tight schedule, trust us to deliver the best advice and solutions for your aircraft requirements. Our Charter team will identify and source the best aircraft for your unique needs, handling every aspect of your trip to perfection. UAS Air Charter handles VVIP Jets, Business Jets, Air Ambulance, Helicopters, and Commercial Aircraft.

VVIP Jet

Business Jet

Air Ambulance

Helicopter

Commercial Aircraft

UAS Charter also offers Aircraft Sales and Management solutions, as well as recently adding a Bombardier Global Express to its international air charter fleet

We're a high-value partner of leading hospitality brands across the globe, working with the most reputable hotel chains and wholesalers to provide a unique, personalized experience for your stay. We reward you with numerous options for the utmost quality and cost-savings. A fully-owned subsidiary of UAS, we are the foremost luxury travel solution provider in the industry.

ADVANCED USER-FRIENDLY TECHNOLOGY

Enjoy the ultimate experience in power, speed, and simplicity with UAS technology designed to overcome operational pain points and ensure seamless flight experiences.

Aircraft Connectivity

Our technology provides seamless global connectivity to the cockpit and the cabin using powerful datalink satcom networks, so you are always contactable and connected.

GLOBAL TRIP MANAGER

Fast and simple access to all your trip details

UAS Global Trip Manager is a powerful Trip Management System that gives you greater control of your trip planning activities. It delivers fast, efficient, and simple access to all your trip details, anywhere and at any time.

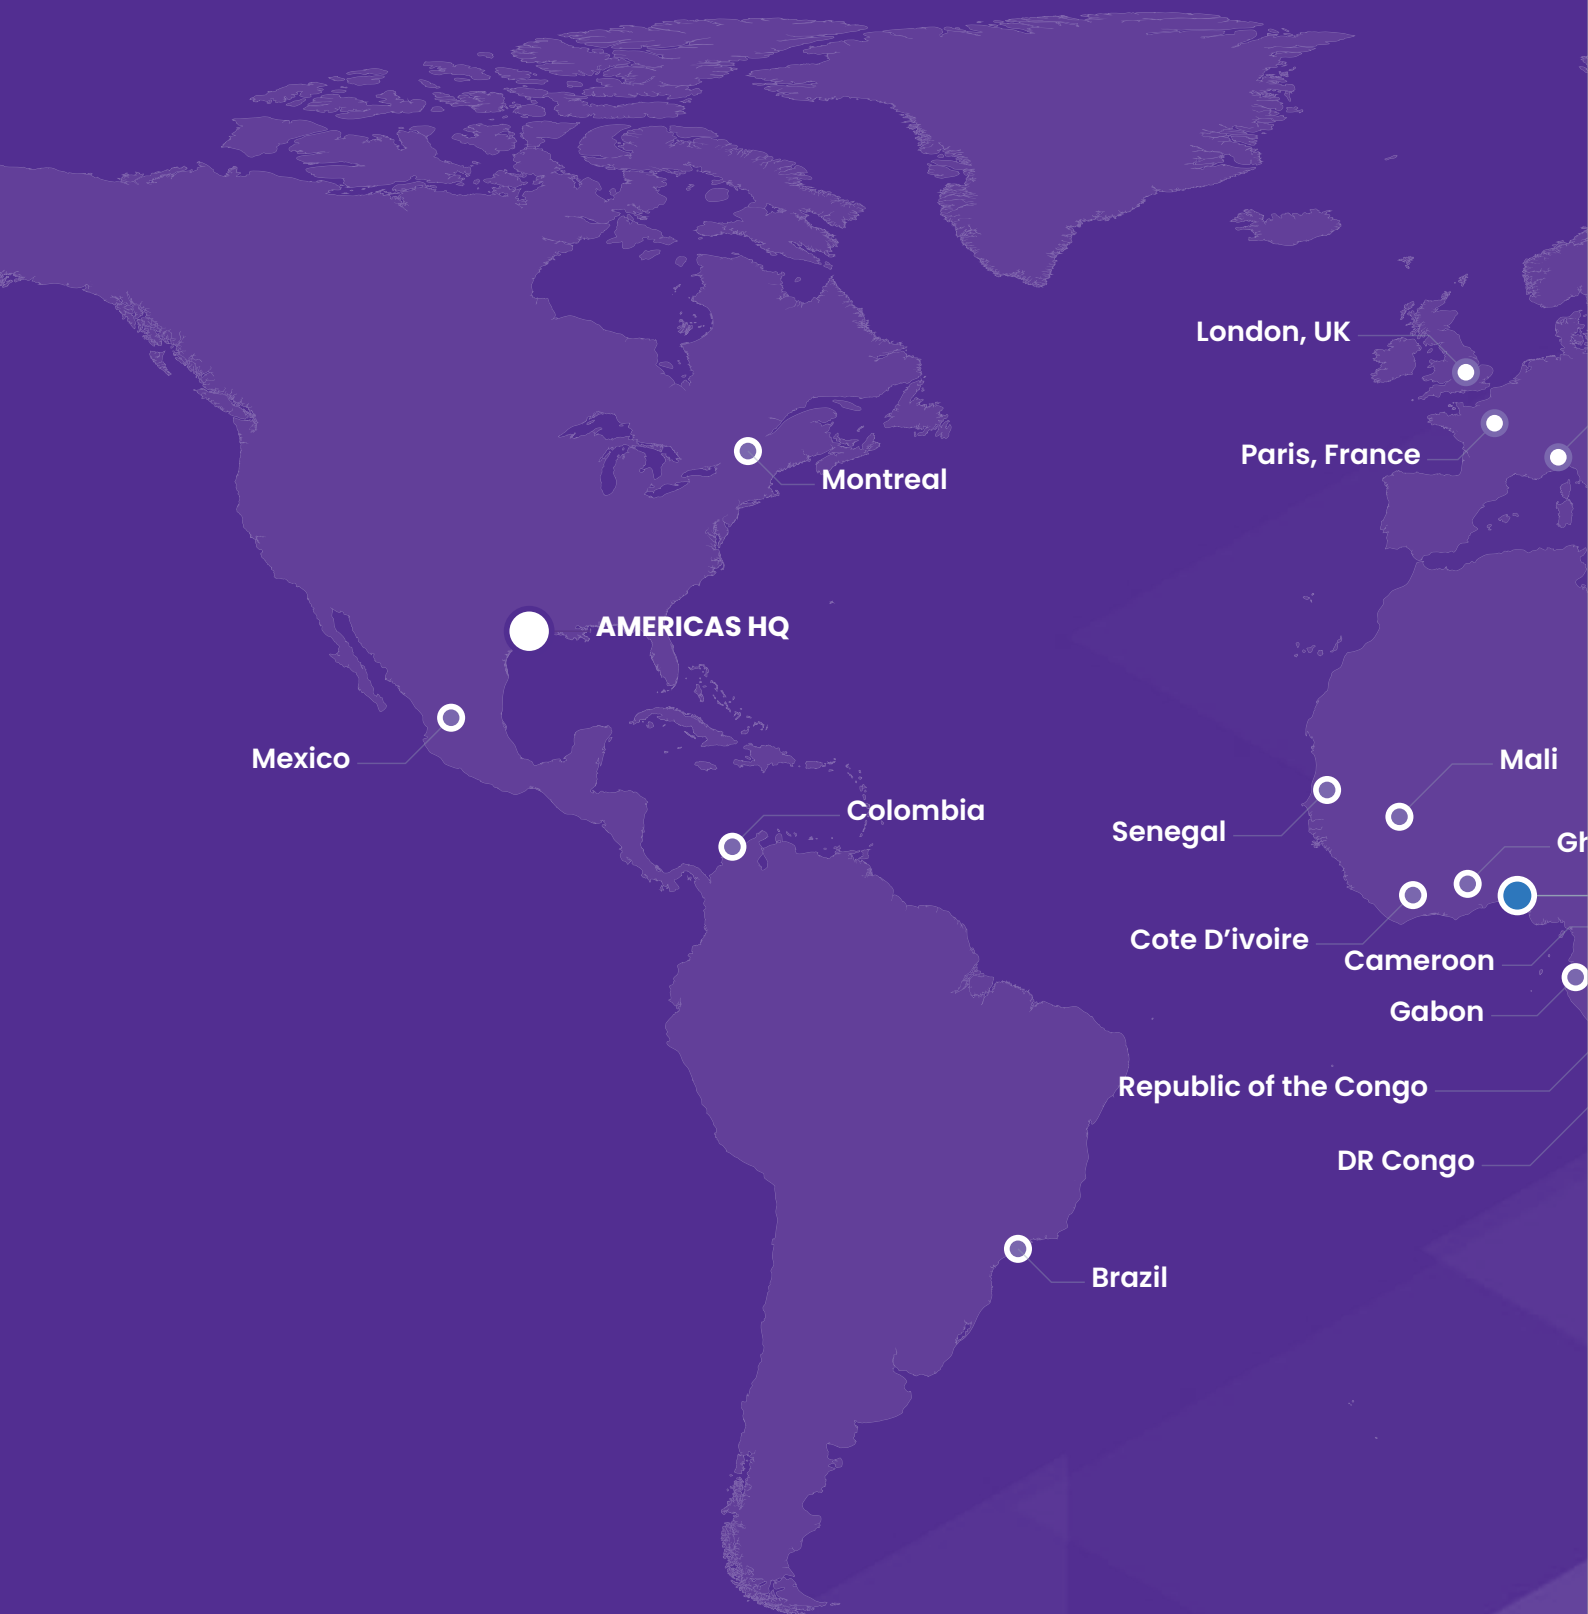

THOUGHT LEADERSHIP

We are committed to sharing our knowledge, experience, and insight for the betterment of our industry at large. Through the UAS Blog, we keep our international audience informed with the latest industry news, operational updates, and expertise and insight from our global team.

Held throughout the year at key industry events, The UAS Forward Discussions welcome leading industry experts as guest panelists to explore major industry topics and inform and inspire delegates.

UAS GLOBAL NETWORK

White Gloves on the Ground

Spanning five continents, the UAS Global Network encompasses continental headquarters in Houston, Johannesburg, Hong Kong, and Dubai, regional offices in Beijing, Lagos, and Nairobi, and ground presence in 31 global locations. Our three Operations teams support missions to every international destination 24/7.

We pride ourselves on delivering white glove service attention and the highest level of supervision and quality assurance at key global locations. Our VIP Supervisors are ready to locate to any global station to expect the unexpected on your behalf.

OUR PEOPLE

We are multinational, multicultural, and multilingual

Our global team of aviation experts encompasses 50 nationalities and speaks 42 languages. We continuously invest in professional development and training opportunities to ensure optimal wellness and best practice.

CORPORATE SOCIAL RESPONSIBILITY

We are passionate about the future of aviation and invest in implementing and contributing to programs that support the next generation of aviators and attract fresh talent to the industry. UAS is a longtime contributor to the NBAA International Operators Scholarships Fund as well as internship programs with schools and colleges around the world.

SUSTAINABILITY

We are dedicated to enhancing sustainability and are committed to aviation's net-zero carbon emissions target for 2050. Through our SAF initiative, we waive any margin on sustainable aviation fuel ordered through us to encourage and support operators to make the switch.

UAS offers sustainable aviation solutions and taxation and emissions regulation advisory services to its global clientele of Heads of State, VVIPs, Fortune Global 500 companies, and business jet operators
